EDUCATION

Full Stack Development
Acciojob

M.Sc (Physics Hons)
DAV University, Jalandhar
62%

B.Sc (Non-Medical)
HMV College, Jalandhar (GNDU, Amritsar)
59%

Senior Secondary (PCM with Computer Science)
Kendriya Vidyalaya Kapurthala Cantt (CBSE)
75%

COURSE WORK (TRAINING)

1. Data Structure and Algorithms (Intermediate)

2. Object Oriented Programming

3. Database Management System

4. Structured Query Language

5. Backend Development

6. Software Testing

PERSONAL PROJECTS

1. School Management System (Major Project) ⧉
   - Built a GUI application to help the admin store various data such as course result declaration, student details and to help student's check their own result. Added functionality for admin to add/list student detail add/list/update student result and for student to search for their result. Used MySQL database to store/fetch data entered into the GUI. - Made the application using java swing, awt and MySQL database.

2. Scientific Calculator (Minor Project) ⧉
   - Built this project by implementing OOPs concepts . It is a Java-based program that performs basic (like addition, subtraction, multiplication and division) and Advance mathematical operations (like Trigonometric functions, power, etc)

3. Library Management System ⧉
   - Springboot Application
